INFORMATION: MINORS & CERTIFICATES

Several departments/colleges within WVU offer formal academic minors (typically 15 hours). Requirements are set forth by the department offering the minor. Specific courses and a minimum grade point average also may be required. Students should contact the appropriate departments for additional information. Courses required for a formal minor should not interfere with those required for a major.

The student is responsible for:

- Knowing his/her scholastic standing as it relates to the published regulations and standards of the Department of Communication Sciences and Disorders, the College of Education and Human Services, and WVU.
- Maintaining the required cumulative and CSD GPAs.
- Contacting his/her advisor (304-293-4241) prior to each pre-registration period and keeping advisor informed of any schedule changes/problems.
- Contacting his/her advisor (304-293-4241) regarding extenuating/serious problems as soon as possible.
- Following regulations set forth in the *WVU Undergraduate Catalog*.
- Arranging work schedules around class/clinic times.
- Applying for graduation and diploma in senior year.
